Revised 2017

GREAT BEGINNINGS CHILD CENTERED COOPERATIVE INC. Child Care Center Handbook for Families

Welcome to Great Beginnings Child Centered Co-Operative Inc. We feel privileged to care for your children! We are here to assist you with your childcare needs, support you as a family unit and help you enhance your children's early learning experiences. We encourage any questions, comments or concerns you may have as you embark on this new adventure with us.

Please read below to learn more about who we are as a child care agency.

OUR PURPOSE:

Great Beginnings is a unique, non-profit organization in partnership with the community and the University of Windsor, offering flexible child care choices for families in Windsor/Essex County.

OUR VISION:

We are devoted to celebrating each child as a unique individual, and to creating learning environments that foster respect, acceptance and growth for all.

OUR MISSION:

We provide opportunities for the play interests of children to direct learning outcomes in our learning environments, under the facilitation of qualified Educators and licensed Home Child Care Providers, and for that learning to be expressed through observation and documentation.

OUR PHILOSOPHY:

Great Beginnings is inspired by, and has chosen to emulate, the Reggio Emilia Philosophy of child care and early learning. We do not intend to duplicate this philosophy, as we recognize the unique make-up of our community of children, families, Educators and Home Child Care Providers, but stand by several of its principles as follows:

Principle One – Image of the Child

- We view children as competent, curious and full of potential, interested in connecting with the world around them
- We believe that children benefit and learn most when their interactions with the world are based on their interests

Principle Two – Role of the Family

- We view families as an essential component in children's lives and as an active part of their children's learning experiences both at home and away
- We believe families hold the greatest influence in children's lives and the relationship between home and care to be of utmost importance in children's overall development

Principle Three – Role of the Educator/Home Child Care Provider

- We view Educators/Providers as deeply aware of the potential of children, working to construct learning environments rich in experience, child centered and responsive
- We believe Educators/Providers to be co-researchers of the learning environments with children, documenting their learning and advocating for their welfare

Principle Four – Role of the Learning Environment

- We view learning environments as the "third teacher", intentionally organized and planned to promote child initiated, Educator/Provider supported learning experiences
- We believe in an emergent curriculum that requires Educators/Providers to observe children, planning experiences based on their interests and documenting outcomes

Principle Five – Role of the Community

- We view the community to include the children, families, Educators, Providers and outside agencies working in partnership together
- We believe children's wellbeing to be of great importance and is fostered through healthy collaboration of the aforementioned partners

OUR COMMITMENT:

We are committed to providing affordable, accessible, quality childcare to the community of Windsor/Essex County and to the University of Windsor, for children 0-12 years of age in both the traditional child care center setting and through licensed home child care.

We are committed to the Minister of Education’s Policy Statement on Programming and Pedagogy, which intends to strengthen the quality of early learning programs offered to Ontario’s families and ensure high quality experiences that lead to positive learning outcomes, child development, health and wellbeing. Further, our philosophy lines up with the Minister’s statement regarding children as competent, capable of complex thinking, curious and rich in potential, with their families, Educators and Home Child Care Providers being competent, capable and rich in experience. (CCEYA 2014, Subsection 55(3))

We are committed to Ontario’s Pedagogy for the Early Years, “How Does Learning Happen?” (HDLH), a resource endorsed by the Child Care & Early Years Act 2014 (CCEYA), under the direction of the Minister of Education. HDLH promotes a shared understanding of how children learn, what children need and what can be done to help them develop to their full potential. It provides a common language for children, families, Educators and Home Child Care Providers, along with fostering relationships with each other and with learning environments. HDLH includes goals for children and expectations for early learning programs based on the following four foundations, along with providing reflections on how to create learning environments and experiences where children, families, Educators and Home Child Care Providers explore, question and learn together.

OUR PROGRAM STATEMENT:

Our Program Statement falls in accordance with the CCEYA 2014 (46(1) to (5) of Regulation 137/15) and outlines the goals and approaches we will take to ensure that our programming and pedagogy is consistent with the Minister of Education’s Policy Statement. Further, our Program Statement lines up with our purpose, vision, mission, philosophy and commitment and is reviewed regularly by our Great Beginnings Educators, Home Child Care Providers, Staff, Students and Volunteers.

COMMUNICATION WITH OUR STAFF:

We encourage an ongoing exchange of both oral and written communication between families, Educators and Staff. Please feel free to speak with our Educators about your child's day at the beginning or end of the day. Any inquiries about your child's schedule, vacation days, billing, etc., and any concerns you may have, should be directed to the Child Care Center Supervisor, not the classroom teacher.

There are Family Info Boards located at both ends of the child care center hallway to keep you updated on what's happening in the child care center at all times. Further, our website is loaded with great information, blogs, updates, notices and galleries. Please feel free to explore these.

FAMILY CONCERNS POLICY:

- **Family/Educator Conference:** If necessary, the Child Care Center Supervisor will set up a Family/Educator Conference where you will be able to discuss any questions, comments or concerns directly with your child's Educator.
- **Formal Process:** Should you have a concern that is more serious in nature, the Child Care Center Supervisor will complete the following steps:
 - *Set up a meeting with you at the Great Beginnings office*

 - *After the meeting, will investigate the concerns/issues*
 - *After investigating, speak to your child's Educator to resolve concerns/issues*
 - *Will alert the Executive Director*
 - *Work to resolve concerns/issues in a timely manner and as is suitable to all parties involved*

Child Care Handbook

In all matters, we want you to feel confident and comfortable in sharing. Our utmost goal is that you and your child's Educator will have a positive relationship with easy communication for the sake of your child's care, growth and development.

With respect to confidentiality, every issue or concern you bring to us will be treated with utmost care and every effort will be made to protect your privacy and that of all parties involved. The exception is when information must be disclosed for legal reasons (e.g. to the Ministry of Education, College of Early Childhood Educators, Law Enforcement, Children's Aid).

Great Beginnings strives to maintain a high standard for positive interaction, communication and role-modeling for children. Harassment and discrimination will, therefore, not be tolerated from any party involved. If at any point you feel uncomfortable, threatened or belittled, you may immediately end the conversation and contact the Executive Director to file a complaint.

Should you feel unsatisfied with the resolution process of issues and concerns, please feel free to contact the Executive Director directly for further involvement.

YOUR CHILD'S NUTRITION NEEDS:

We aim to provide your child with a nutritious morning snack, midday meal and afternoon snack. Menus rotate on a four-week basis and are posted in the daycare hallway for your perusal. From time to time a menu change may occur due to foods in season and the rotation of food supplies.

Special dietary needs and allergies will be posted in the classrooms, kitchen and common areas. If your child has special dietary needs or food allergies, please contact the Child Care Center Supervisor immediately to discuss alterations in our menu. At any time, you may request, a copy of our menus to assist you in providing alternate food supplies and to plan family meals at night.

GREAT BEGINNINGS IS A 'PEANUT & NUT AWARE' FACILITY:

Due to the rise in and severity of peanut and nut allergies, we have chosen to become a "Peanut & Nut Aware" facility. To observe, respect and protect those susceptible, we ask that you **DO NOT BRING ANY FOOD** containing peanuts or nuts into the Child Care Center. This includes breakfast foods, home baked or store bought cakes and other "treats" including candy. Further, we ask that you thoroughly wash your child's hands and face before bringing them to Great Beginnings if they have peanuts or nuts before arrival.

Also, our menus and kitchen procedures have been developed to ensure that peanuts and nuts, along with their associated products, or traces of, are not used.

ADMINISTRATION OF MEDICATION:

In line with our licensing requirements with the Ministry of Education (CCEYA), we will only administer doctor prescribed **allergy, anaphylactic, asthma, fever induced seizure and prescription medications**. Non-prescription medications, such as Advil, Tylenol, etc., may be administered only with written instruction from family physicians. If this is a simple family request to administer Advil, Tylenol, etc., we will not accommodate.

Please notify the Child Care Center Supervisor if your child needs any of the above stated medications administered while in our care. There will be paper work for you to fill out and a doctor's note will be needed to verify your request.

The Child Care Center Supervisor, or Executive Director in their absence, will administer all of the above stated medications and keep written records of administration. Bring all medications to the Child Care Center Supervisor for proper storage. Please note that all medications must be in their original containers with your child's full name clearly printed on them.

IT IS YOUR RESPONSIBILITY TO ENSURE THAT YOUR CHILD'S MEDICATION IS NOT LEFT IN THE CLASSROOM OR IN YOUR CHILD'S CUBBY AND THAT YOU PICK IT UP AT THE END OF THE DAY.

CHILDHOOD IMMUNIZATION:

Our licensing regulations stipulate that prior to your enrollment with us, your child must be immunized as recommended by the Medical Officer of Health. There are two exceptions to this requirement. One; if your child has a medical condition hindering routine immunization checkups. This requires a statement of medical exemption signed by your doctor. Two; if you have a religious or conscientious objection. This requires a signed affidavit. If you choose not to immunize, your child will be immediately excluded from daycare should there be an outbreak of one of the communicable diseases noted by the Medical Officer of Health.

ILLNESS AND YOUR CHILD:

You will be informed of the incubation and isolation periods of various infectious communicable diseases when your child has been exposed and encouraged to take your child to a family practitioner when suspected of contracting such illnesses. Please observe your child, along with your Educators, during the incubation period for any signs and symptoms of such diseases.

If your child is ill with a common or communicable illness, as listed below, he/she will not be permitted to attend Great Beginnings Child Care Center.

- Elevated temperature or flushing (99° or higher)
- Acute cold, nasal discharge or coughing
- Diarrhea within a 24-hour period
- Vomiting within a 24-hour period
- Red or discharging eyes or ears
- Undiagnosed skin rashes
- Unusual or inconsolable irritability, fussiness or restlessness

Should you bring your child to Great Beginnings with such illnesses, our Educators will ask you to immediately make other childcare arrangements and leave with your child. Should your child become ill with the above, while in our care, you will be called to pick them up from as soon as possible. Your child will be isolated from the other children until your arrival. If we cannot contact you, we will move to your emergency contacts for pick-up. If your child is on a special diet or medication that can change his/her bodily functions and may exhibit some of the above symptoms, please notify the daycare office so we do not mistake it as illness.

YOUR CHILD MUST STAY HOME FROM GREAT BEGINNINGS UNTIL DEEMED ALLOWABLE BY THE HEALTH DEPARTMENT GUIDELINES AND FOR 24 HRS AFTER THEIR LAST BOUT OF DIARRHEA, VOMITTING OR FEVER.

Be assured that we maintain accurate records of ill health as observed in the children, in an effect to further protect the wellbeing of all children, families, Educators, Staff, student and volunteers in our care.

INCIDENT REPORTS:

Although our Educators make every effort to protect the children's safety, accidents and incidents do happen. Should your child have an accident or incident while in our care, an Incident Report will be completed by your child's Educator. At the time of pick-up, you will be required to sign the Incident Report and return it to your Educator. Your Educator will in turn give it to the Child Care Center Supervisor for signature and a copy will be put in your child's cubby for your records. Typically, you will not be notified immediately of an accident or incident unless it is of a serious nature.

All accidents and incidents will be treated according to accepted Universal Precautions. All of our Educators and Staff have been trained in Standard First Aid & Infant/Child CPR. Further, First Aid Kits, filled with first aid supplies, are located in each learning environment and taken outside during outdoor playtime.

FIRE SAFETY AT GREAT BEGINNINGS:

In response to our licensing regulations, your child will participate in monthly fire drills occurring at random. Educators and Staff will not be made aware of the time or the day. Educators and Staff will be timed and a written record of the occurrence will be made.

In case of a real fire or disaster, our Emergency Shelter is at St. Dennis Center on College Avenue in Windsor. You will be made aware that your child is at the Emergency Shelter when an emergency has taken place.

Further, Great Beginnings has an Emergency Management Policy in place in the event of a serious emergency situation. This policy can be discussed with you should you wish. Should an emergency occur, we will communicate with you via phone, website or notification on the child care center entrances.

CHILD CARE CENTER CLOSURES:

Should Great Beginnings close due to inclement weather or unforeseen circumstances, the closure will be posted on our website as well as on AM800. Further, our phone message at the Child Care Center will be changed to reflect the closure as soon as possible.

DAILY DROP OFF AND PICK UP PROCEDURES:

Please remember to sign in/out your child upon arrival and departure. Clipboards with sign in/out sheets are located inside each learning environment. Also, please specify who will be picking up your child in the evening if different than normal the pick-up person.

Be sure to take your child directly to their Educators when dropping them off and communicate with your child’s Educators when picking them up. Please empty your child’s cubby from artwork, soiled clothes, etc., at the end of each day. Please remember that when you have taken your child from their Educators they are your sole responsibility. This relieves our Educators to continue with their finishing shift responsibilities.

In order to ensure that all children, Educators and Staff are safe, we have a secured entry to be used by drop off/pick up persons. You will be able to enter the building either by the north or south door. The security entrance requires all families to have a fob, which is easily attached to your key ring. Replacing the fob is expensive, therefore, families will be required to give a \$10 deposit, which will be refunded upon the return of the fob at the time of your child’s termination from the Great Beginnings. Simply place your fob in front of the red light on the card reader; it will change to green; open the door and enter the building. You must obtain your fob before your child’s first day of care. You may do this at the front office between 8:30a.m. to 4:30p.m. If you do not drop off/pick up during these times, please see the Child Care Center Supervisor, to place a deposit for your fob. Should another family member or friend pick your child up from time to time, they will be required to ring the buzzer at the south entrance (parking lot) or use the front door on California Avenue (between 8:30a.m.-4:30p.m.).
